

SuperPrint Economy Eclipse is a 7 oz. black backed substrate for billboard applications specially formulated for high speed one pass printing. SuperPrint Economy Eclipse is ideal for any billboard application where complete opacity is necessary. The product comes in full 196" widths for customers who have strict posting requirements. The 328' roll lengths allow for twice the production of a standard 164' roll of 13oz material while maintaining less overall roll weight. SuperPrint Economy Eclipse is solvent and UV printable.
