Printing Qualities

The ValueJet 1617H is the most affordable hybrid printer on the market that not only gives you the ability to print on rigid substrates, it also gives you the flexibility to print on roll media as well. Its dual function and multiple application design saves you valuable floor space and is ideal for printing packaging prototypes, POP displays, indoor and outdoor signage, even vehicle wraps. The VJ1617H also comes with a half inch print height, faster speeds and the ability to print with white ink making it the smart choice for versatile printing applications in any size print shop.

MSRP - \$49,995 USD
